Project Name	Project - IOT Based Safety Gadget For Child Safety Monitoring & Notification
Maximum Marks	2 Marks

Problem Statement :

Around the world, many children disappear each year and are not found. Runaways, parental abductions or kidnappings by others, these acts are difficult to prevent and have dire consequences on the children involved. Nowadays, crime rate associated with children keeps increasing due to which draws people attention regarding child safety.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Parent	Protect the child from harm.	I don't know the exact solution to solve this problem.	It depends on the ongoing technology	Worried
